

# Gee Whiz<sup>TM</sup> Education

Curriculum is an important part of any early childhood program. The curriculum utilized in our program is produced by Gee Whiz Education. This curriculum utilizes hands-on activities to address all developmental areas plus it includes activities for all age groups. Your child will have the opportunity to learn through exploration, practice problem-solving skills, develop language and much, much more as they participate in the activities included in the curriculum. Gee Whiz is truly a comprehensive curriculum that enables all children to learn, grow and develop!

If you have any questions about the curriculum, please do not hesitate to ask me. ☺
